Please select the size from the above table to give you the basic print price. For metallic prints, a 50% surcharge is applicable to the basic print price.

*Mounts and finishes are OPTIONAL - if any are required, please add this to the print price.

Foamboard mounts are either 5mm or 10mm thick. Foamex mounts are 3mm, 5mm or 10mm thick. Card mounts are 2mm thick. Leather finishes are available in either Kidd or Crushed leather effects.

Please note: For each print, you can select either a mount, finish, or both (for example, a satin finish on a card mount), but not two of the same (for example, not a card AND foamex mount). However, **both** charges for the mount **and** finish would be applicable.
